After slamming and jamming with the league's newest talent, rip the back of the net during the **3 Point Shootout** as you battle up to seven of the best long-range shooters in the league. Playing in a tournament format, you have 60 seconds to make as many shots (and score as many points) as you can. The winner moves on, the losers go home. Next on the bill – the **Slam Dunk Contest**. Break out your best Freestyle moves and wow the judges with an aerial assault that expresses your game like never before. Finally, show off your skills against the best players in the league during the **NBA All-Star Game**. It's East vs. West in this action-packed, winner-take-all game.

From the Season Central menu you will find the Schedule, Roster Management screen, GM's Desk and more. Play or simulate games by selecting your next opponent on the team Schedule. For off the court news, get the latest updates from around the league, view the list of free agents and more from the GM's Desk. From the Roster Management screen you can reorder rosters, view injury reports, sign, release and trade players.

SIM INTERVENTION

After choosing to simulate a game on the schedule, you have the option to intervene anytime during the simulation period. Once the game picks up, you'll be thrown into the middle of the action with time already off the clock. See if you can help your team hold a lead or make a comeback and grasp a victory.
